

GUARDIAN Mini 808A/808

Ardi

Arm & Tracking For Your Stuff

Guardian Mini 808A/808

Guardian Mini is a digital wireless RF Locator designed to protect your family. The Tags can be attached to children, pets, cell phones, and other valuables. The maximum line-of-sight search range is 1,600 feet (*See Specifications). The 95dB Alarm can be set to trigger at variable distances (Approximately 32 feet, 64 feet (factory preset), or 160 feet). The Alarm can be turned off when desired. A Panic button on the tag can be used to call the base if necessary. Guardian Mini is CE and FCC compliant.

Key Features

- Works indoors and outdoors (Unlike GPS Devices, which only work when the device can “see” the sky.)
- Light weight and easy to use
- No assembly or installation needed
- Safe 2.4GHz RF technology
- Alarm can be set to trigger at variable distances from approximately 16 feet, 32 feet, or 64 feet
- 1,600 feet search radius (*Distance will vary depending on terrain and other factors.)
- The Base is equipped with a direction indicator to speed the search
- Alert modes 95 dB Alarm
- Tags can transmit a Panic/Stress alert to the Base
